

# NEO-TRAN TECH ENTERPRISES

## About Us:

We are NEO-TRAN TECH ENTERPRISES a leading transformer service provider. We give our best and quality service by using good quality of materials as per the standards. We have wide range of clients across India. As per our service work we categorised our services into two parts i.e. One is Onsite Service and second one is Offsite Service.

Onsite service is the service which we give at client's location such as transformer oil filtration, Overhauling of Transformer, Erection, Commissioning & Testing of Transformer, Augmentation of Transformer, Oil analysis test of transformer oil at NABL certified labs / CPRI which are systematically collected by us at clients location and Etc..

Offsite service are the services which we are gives at our repairing unit which is located at Tekkali mandal in Srikakulam district of Andhra Pradesh state. Apart of this we also supplies or trades transformer parts as per client's order.
